

Pro-Tech-tive

TUFF Skin Fruit and Vegetable mats

Tired of Bruising your profits??

Pro-Tech TUFF Skin padded fruit & vegetable matting provides a soft landing area under the conveyor or dump container.

Features:

- Soft, padded landing for fruits & vegetables
- Smooth, easy to clean, sealed surface
- Very tough puncture proof top
- The underlayment is a high quality extruded NBR closed cell sponge.
- The protective top surface is closed cell polyurethane that is applied hot to eliminate any chance of de-lamination that similar products may have

Benefits:

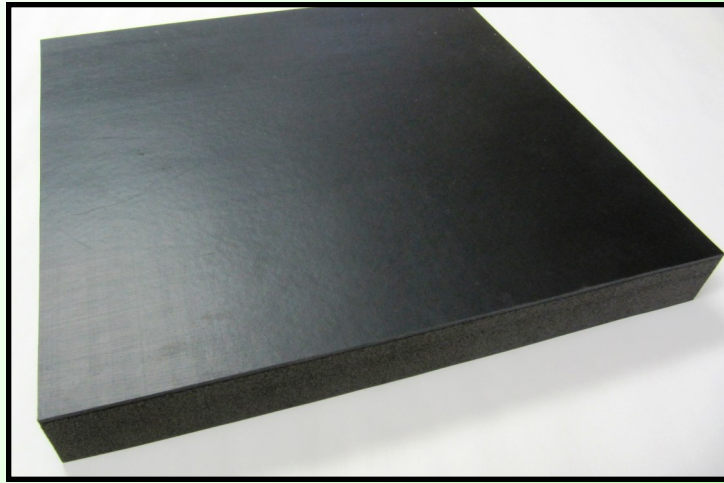

- Immediate increase in revenues due to fewer lost or damaged products!
- Doubles as an anti-fatigue mat for workers
- Lightweight and easy to clean
- Non-Allergenic Latex and Silicone free
- Custom sizes available (with extended lead time)

Made in the USA
